PRESS RELEASE

Annual Education Conference sponsored by The Peters Group

The Peters Group Foundation sponsors an annual education conference featuring the nation's best professional developers and trainers. This event provides best-practices to educators from within the United States, U.S. Virgin Islands and Canada.

Angela and I grew up and are both graduates of South Carolina's schools and were blessed to have such wonderful and dedicated teachers who helped us become who we are today. As a means of giving back, we bring some of the nation's best trainers in the field of education to Charleston, SC (Wild Dunes Resort) to share their experience and strategies to Capture, Inspire, and Teach a new generation of learners who are distinctly different from those with whom we attended school.

As we attempt to find solutions to too many problems we face in public education, we are convinced that there is a way to produce quality schools where all students are valued and engaged in the teaching and learning process. These schools are directed by courageous leaders, dedicated teachers and support staff members who truly understand that failure is not an option for any of our children. The Peters Group Foundation is dedicated to fulfill our mission of leaving "No Child Out" and invites you to join us for what we believe will be an inspiring and motivating two days of substantive learning experiences. We thank you in advance for spreading these experiences far and wide upon your return to your respective cities and states.

Stephen G. Peters
